CENTRAL FREE DISPENSARY
OF
WEST CHICAGO.

The statistical matter of this Report ends with June 30, 1880.

THE DISPENSARY IS LOCATED IN THE BUILDING OF RUSH MEDICAL
COLLEGE, COR. WOOD AND HARRISON STS.

"The poor are my best patients, because God is their Paymaster."—Boerhaave.

CHICAGO.
Geo. J. Titus' Print, 100 and 102 Madison Street.
1880.

DESIGN OF THE INSTITUTION.

The object of this institution is to furnish the sick poor with medical attendance and medicine gratuitously, to diffuse vaccination by unwearied and continuous effort, and to accomplish this work in the most faithful manner, and at the least possible expense.

MEANS OF SUPPORT.

The dispensary is supported by the income from a fund, derived mainly from the Chicago Relief and Aid Society, of eleven thousand dollars, invested in safe securities ; by a small contribution from Rush College, derived from the income of a fund bequeathed for the purpose by the late John Phillips, Esq., and held in trust by the Trustees of the College. The County of Cook, through the Honorable Board of Commissioners, in consideration of services to the county poor of the West Division, has contributed \$900.00 for the current year.

Donations will be thankfully received by Dr. Philip Adolphus, Financial Superintendent, No. 638 West Washington Street.

INVITATION TO VISITORS.

All who desire to obtain personal knowledge of the necessity of such an institution, its practical benefit to the sick poor, and its claims on the liberality of our citizens, are invited to visit the Dispensary and judge for themselves.

LOCATION.

The Dispensary is located at the corner of Harrison and Wood Streets.
OFFICE HOURS : 11 to 12 A. M. and 2 to 5 P. M., daily, excepting Sundays.

REPORT.*

For the *thirteenth* time the CENTRAL FREE DISPENSARY OF WEST CHICAGO offers to the public an annual report of its doings. As the record of its past work is examined, and the progress in usefulness and increase in the annual sum of service rendered to the poor are noted, it becomes more apparent that those who organized this charity, those who have watched and worked for it, and those who have contributed to its support, have done humanity and the public of Chicago a great service.

Although more than ever care has been exercised to restrict the offices of the charity to those entitled to it, the number of patients treated during the past year was a thousand greater than the year previous. Over a thousand more visits were made by patients to the dispensary, while the number of visits made to the homes of patients was nearly the same.

The number of births attended by physicians of the dispensary was only 22 during the year. Although this was a slight increase over the year previous, the small number shows that the fact is still not generally known that poor women may have dispensary physicians' free attendance in confinement.

The Executive Committee believing that the visiting of patients at their homes, can be better done by one or two persons for small compensation, than under the old plan of a large visiting staff, have contracted with two gentlemen to do this work. This will add to the expenses of the Dispensary, but it is hoped that the increased efficiency of this important branch will more than compensate for the extra outlay.

The expense of the institution for drugs, apothecary and janitor's salaries, for rent of rooms and heating, etc., continues to be a source of serious solicitude to the management. By the aid of the Honorable Board of County Commissioners, who voted \$900 for the care of the county poor, and by the assistance of many public spirited and generous citizens who have made substantial contributions, these necessary expenditures have, during the year, been met. The same economical and business-like management that has heretofore existed is pledged for the future, and it is earnestly hoped that the fortunate public will continue to feel it to be both a duty and a privilege to aid in sustaining the Central Free Dispensary of West Chicago.

*The statistical matter contained in this Report ends with June 30, 1880.
